Tops reasons your library needs library management system

Library - a quintessential part of an educationa nstitution and a society as a whole! It is not just a place containing books but also a storehouse of information & content that has power to influence minds. An integral as well as crucial part of any educational campus, the library is one of the few places where one can find genuine information on almost all kinds of subjects/topics.With prompt advancements in the National Education Policy 2020 that promotes edTech, digital learning, communication and information technology (ICT).
